GENERAL

1. Narrows Marina LLC rents moorage and storage spaces on a month-to-month or annual basis. Annual contracts begin at signing and end on March 31st of the current contract year. If the annual rental agreement option is chosen on the contract and the renter vacates the space and turns in keys prior to the end of the contract, for any reason, financial responsibility for all charges related to the lease will remain the renters until March 31st of the year stated in the agreement. An annual renter who needs to vacate may be released from financial responsibility for the space if Narrows Marina is able to find someone to take over renting the space. In this event, the vacating renter's charges for the contract period will be adjusted to the higher month to month rate. If the month-to-month option is chosen, the Renter is required to give 30 days' written notice prior to vacating the space.
